

# **Summer Work**

## **For**

# **Incoming 2<sup>nd</sup> Graders**

**Dear Parents,**

**Your child has summer work in IXL to complete. To practice the work over the summer, you must have your child log into IXL using the username and password I gave them in September. After logging in, proceed to learning and click on skill plans, followed by IXL plans. Find IXL Summer Boost Math and click on 2<sup>nd</sup> grade (most skills are what they did in 1<sup>st</sup> grade) They can begin practicing their skills. They must also work on the Summer Boost for Language Arts. Your child's 2<sup>nd</sup> grade teacher along with myself will be able to see what was accomplished by your child throughout the summer. Try your best! No one expects you to know it all.**

**If you misplaced your IXL username and password, please contact me by Thursday. I check my email periodically during the summer but not daily.**

**Happy Summer!**

**Mrs. Mele**
